

1. You need to go on the App you want to lock:

2. Press the code "6363" with the Remote Control, then you will see a "Padlock" icon pops up in the Top-Left side of the icon (it means the App is locked):

3. Once the App is locked, the user only will be able to access to the app but the users won't able to use the "Operation" function on that app ("Delete", "Move", "Settings" ...).
