

1. You need to go on the App you want to move:

2. Press the code "Option" button on your Remote Control, then will pop up this window and you need to select the option "Move":

3. Then will pop up a “UP/Down Arrow” icon in the Top-Left side of the app (it means you are able to move the app):

4. Once you have moved the app to the position, press “OK” button.
